INDEX

Volume I, September 1963 to November 1964

No. 1 (Sept. 1963), pp. 1–62
No. 2 (March 1964), pp. 63–132
No. 3 (July 1964), pp. 133–188
No. 4 (Nov. 1964), pp. 189–244

AUTHOR INDEX

ARTICLES

BOZOZUK, M. The modulus of elasticity of Leda clay from field measurements, 43
BROWN, J. D., and PATERSON, W. G. Failure of an oil storage tank founded on a sensitive marine clay, 205
BROWN, R. J. E. *See* Brown, W. G.
BROWN, W. G. Difficulties associated with predicting depth of freeze or thaw, 215
BROWN, W. G., JOHNSTON, G. H., and BROWN, R. J. E. Comparison of observed and calculated ground temperatures with permafrost distribution under a northern lake, 147
BURN, K. N. Calibration of a neutron moisture meter in Leda clay, 94
CRAWFORD, CARL B. Some characteristics of Winnipeg clay, 227
EDEN, W. J. Earthflows at the Beattie Mine, Quebec, Canada, 104
HAMILTON, J. J. Volume changes in undisturbed clay profiles in western Canada, 27
JOHNSTON, G. H. *See* Brown, W. G.
LEGGET, ROBERT F. An Introduction, 3
LEGGET, ROBERT F. Karl Terzaghi, 122

G., H. Q. Sherard *et al.*, *Earth and Earth-Rock Dams*, 243
PENNER, E. Van Olphen, *An Introduction to Clay Colloid Chemistry*, 243

SUBJECT INDEX OF ARTICLES AND DISCUSSION

APPARATUS

Calibration of a neutron moisture meter in Leda clay (Burn), 94
Sand displacement and compaction around model friction piles (Robinsky and Morrison), 81

BEARING CAPACITY

Failure of an oil storage tank founded on a sensitive marine clay (Brown and Paterson), 205
Some recent research on the bearing capacity of foundations (Meyerhof), 16

CLAY (*see also* SENSITIVE CLAY)

Calibration of a neutron moisture meter in Leda clay (Burn), 94
Failure of an oil storage tank founded on sensitive marine clay (Brown and Paterson), 205
Heave of spillway structures on clay shales (Peterson and Peters), 5
Some characteristics of Winnipeg clay (Crawford), 227

COMPACTION

Sand displacement and compaction around model friction piles (Robinsky and Morrison), 81

DAMS, SPILLWAYS, EMBANKMENTS

Heave of spillway structures on clay shales (Peterson and Peters), 5
Soil mechanics aspects of the Red River Floodway (Mishtak), 133

ELASTIC PROPERTIES

Heave of spillway structures on clay shales (Peterson and Peters), 5
The modulus of elasticity of Leda clay from field measurements (Bozozuk), 43

ELECTRONIC COMPUTATION

Comparison of observed and calculated ground temperatures with permafrost distribution under a northern lake (Brown, Johnston, and Brown), 147

FAILURES

Earthflows at the Beattie Mine, Quebec, Canada (Eden), 104
Failure of an oil storage tank founded on marine clay (Brown and Paterson), 205

FIELD TESTS AND OBSERVATIONS

Heave of spillway structures on clay shales (Peterson and Peters), 5
Performance measurements on two new anchored bulkheads (Matich, Henderson, and Oates), 167
Some pile loading tests in stiff clay (Lo and Stermac), 63
Volume changes in undisturbed clay profiles in Western Canada (Hamilton), 27

FOUNDATIONS

Some recent research on the bearing capacity of foundations (Meyerhof), 16

GEOLOGY

Landslides and Pleistocene deposits in the Meikle river valley of northern Alberta (Nasmith), 155

LABORATORY TESTS

Effect of shape and volume on the capacity of model piles in sand (Robinsky, Sagar, and Morrison), 189
Sand displacement and compaction around model friction piles (Robinsky and Morrison), 81
Soil mechanics aspects of the Red River Floodway (Mishtak), 133
Some recent research on the bearing capacity of foundations (Meyerhof), 16

LANDSLIDES

Earthflows at the Beattie Mine, Quebec, Canada (Eden), 104
Landslides and Pleistocene deposits in the Meikle river valley of northern Alberta (Nasmith), 155
Soil mechanics aspects of the Red River Floodway (Mishtak), 133

PERMAFROST

Comparison of observed and calculated ground temperatures with permafrost distribution under a northern lake (Brown, Johnston, and Brown), 147
Difficulties associated with predicting depth of freeze or thaw (Brown), 215

PILES AND PILING

Effect of shape and volume on the capacity of model piles in sand (Robinsky, Sagar, and Morrison), 189
Performance measurements on two new anchored bulkheads (Matich, Henderson, and Oates), 167
Sand displacement and compaction around model friction piles (Robinsky and Morrison), 81
Some pile loading tests in stiff clay (Lo and Stermac), 63
(discussion by Tomlinson), 179
(discussion by Peaker), 179
(discussion by Lo and Stermac), 236
Some recent research on the bearing capacity of foundations (Meyerhof), 16

The modulus of elasticity of Leda clay from field measurements (Bozozuk), 43

PORE PRESSURE

Some pile loading tests in stiff clay (Lo and Stermac), 63

RADIOGRAPHY

Sand displacement and compaction around model friction piles (Robinsky and Morrison), 81

SENSITIVE CLAYS

Calibration of a neutron moisture meter in Leda clay (Burn), 94
Failure of an oil storage tank founded on marine clay (Brown and Paterson), 205

SHEAR STRENGTH

Failure of an oil storage tank founded on marine clay (Brown and Paterson), 205
Some pile loading tests in stiff clay (Lo and Stermac), 63

SOIL MECHANICS

Heave of spillway structures on clay shales (Peterson and Peters), 5
Soil mechanics aspects of the Red River Floodway (Mishtak), 133

SOIL PROPERTIES

Calibration of a neutron moisture meter in Leda clay (Burn), 94
Some characteristics of Winnipeg clay (Crawford), 227

STABILITY OF SLOPES

Earthflows at the Beattie Mine, Quebec, Canada (Eden), 104
Soil mechanics aspects of the Red River Floodway (Mishtak), 133

STRESS DISTRIBUTION

Effect of shape and volume on the capacity of model piles in sand (Robinsky, Sagar and Morrison), 189
Performance measurements on two new anchored bulkheads (Matich, Henderson, and Oates), 167
Sand displacement and compaction around model friction piles (Robinsky and Morrison), 81
Some pile loading tests in stiff clay (Lo and Stermac), 63

SWELLING SOILS

Heave of spillway structures on clay shales (Peterson and Peters), 5
(discussion by Hardy), 115
(discussion by Ripley), 117
(discussion by Peterson and Peters), 119
Some characteristics of Winnipeg clay (Crawford), 227
The modulus of elasticity of Leda clay from field measurements (Bozozuk), 43

TEMPERATURE AND THERMAL PROPERTIES

Comparison of observed and calculated ground temperatures with permafrost distribution under a northern lake (Brown, Johnston, and Brown), 147
Difficulties associated with predicting depth of freeze or thaw (Brown), 215
Volume changes in undisturbed clay profiles in western Canada (Hamilton), 27

THEORETICAL CALCULATIONS

Difficulties associated with predicting depth of freeze or thaw (Brown), 215

VOLUME CHANGES IN SOILS

Heave of spillway structures on clay shales (Peterson and Peters), 5
Volume changes in undisturbed clay profiles in western Canada (Hamilton), 27
(discussion by Baracos), 121

SUBJECT INDEX OF NEWS ITEMS, ETC.

ANNOUNCEMENTS OF CONFERENCES

ASCE Settlement Conference, 1964, 132
Seventeenth Annual Canadian Soil Mechanics Conference, 61
Sixth International Conference on Soil Mechanics and Foundation Engineering, 61, 131, 241
Symposium of "Behaviour of Soil under Stress" Bangalore, 1965, 186
Symposium on "Laboratory Shear Testing of Soils", 60
Tenth Annual Conference on Muskeg Research, 130

BOOKS REVIEWED

Kallstenius, *Studies on Clay Samples Taken with Standard Piston Sampler*, 188
Sherard *et al.*, *Earth and Earth-Rock Dams*, 242
Van Olphen, *An Introduction to Clay Colloid Chemistry*, 242

OBITUARIES

Karl Terzaghi, by Robert F. Legget, 122

OTHER

International information collected on permeability and capillarity, 131

List of recommended symbols for soil mechanics, 52
University of Manchester, Postgraduate Course in Soil Mechanics, 132

PORTRAITS

Karl Terzaghi, facing p. 1

PUBLICATIONS

Canadian Journal of Earth Sciences, 186, 240
Norwegian Geotechnical Institute Technical Reports 1 to 9, 61
Proposed reprinting of *Proceedings of First International Conference on Soil Mechanics and Foundation Engineering*, Harvard University, 1936, 187
Three Handy Field Soil Guides Available, 131

REPORTS ON CONFERENCES

ASCE Conference on "The Design of Foundations for the Control of Settlements," 1964, 238
Eighteenth Annual Canadian Soil Mechanics Conference, 241
International Conference on Permafrost (Brown and Johnston), 128
N.R.C. Conference on Snow Removal and Ice Control (Ottawa, 1963), 181
Ninth Annual Muskeg Research Conference, 1963, 58
Seventeenth Annual Canadian Soil Mechanics Conference, 125
Sixteenth Annual Canadian Soil Mechanics Conference (Penner), 55
Symposium on "Laboratory Shear Testing of Soils" (Ottawa, 1963), 126
